YOU ASKED – WE LISTENED!

Several artists have approached us with suggestions for some new creative platforms for the 2022 festival.

So, Bloom N Chalk Fest has added several Two Plane sites – perhaps better known as floor and wall. We will also be creating an Exquisite Corpse site at the Gazebo – we have playfully referred to this as Head, Shoulders, Knees and Toes – remember that school song? This whimsical creation will involve 4 artists being randomly selected to do one portion of a body – not knowing what the other 3 artists are creating – and ending in a dramatic unveiling of the composite creation! If you have an interest in participating in either of these projects or our traditional verticals, please indicate below. MORE DETAILS LATER.
